

A close-up, low-angle shot of a cannabis plant with serrated green leaves against a bright, overexposed background. The plant is the central focus, with its stems and leaves filling the frame.

WORLD CHRONICLES

PITCH DECK

World **CHRONICLES** Deck

World **CHRONICLES** is a travel documentary series revolving around Cannabis.
Each episode is a new country, new culture, new landscapes, new people,
and new strains.

Similar to a '*Parts Unknown*,' Bourdainesque style show, but the subject being Cannabis
and focusing on the countries that now have it established for medicinal use.
